The Dell logo is displayed in white, bold, sans-serif capital letters in the top left corner of the image.The background of the entire image is a photograph of a large, dimly lit control room. In the foreground and middle ground, several people are seated at desks, working on multiple computer monitors. The room is filled with various pieces of electronic equipment, cables, and storage units. On the far left, an American flag is partially visible. The ceiling is high with exposed pipes and industrial-style light fixtures. The overall atmosphere is one of a busy, high-tech operational environment.

thank you
